Place seems to be outside, windy, earthy. It seems to be cold, vegetal, spacious, vast. It seems to ~~taste~~ <sup>smell</sup> humid, <sup>taste</sup> vegetal and natural.

It seems to have repetitive motions, grey and blue color, aerian sensations, luminous elements, sound shrrr, shrrr, fluid, soft and floating elements.

It seems there is something moving with dark or shadowing element at the external and luminous in the center.

It seems there is a strong grey metallic piece, which could be important.
