Cold water, Pure, Deep  
Construction Mechanical

Ice

Fuel Smell

Robotics/Technology

Metallic

**FP300723**

*Sensory*-Cold, wet, mist

Magnitude-Vast

Topological- flat

Energetic-Constant mechanical motion

Subjective-Project going forward. Satisfaction with progress so far. Going well, but apprehension about future variables. Anticipating possible interference from outside group. Confident it can be overcome once identified but not completely certain.

Physical-Sea vessel/platform. Cold water. Machinery

Para physical-3 observers watching project without opinion or concern

Concepts-Construction work manager project

Symbolic-Oil derrick/wolf/home on shoreline
